BEACH RESTAURANT

Runned by Kanthi, all her recipies are from travelling and experimenting recipes. Since a young age she had a passion for food and that home made love come trough her dishes. From seafood to pastas, burgers to poke bowls each dish has her own peronslaised style.

ROOFTOP CAFE

Run by Amanda wanting to offer food for your soul that goes well with the yogic lifestyle. The cafe is 100% vegetarian and all dishes are made to taste good and be beneficial for the body. Everything is made with attention to detail and in small batches using the finest ingredients.

RESTAURANTS

When in Abay you cant miss trying our two restaurants. They are a staple of Arugam bay with variety of dishes that cater everyone. We love having kids and our menu has plenty of options for the little ones. Traditional with a twist is what makes our place unique.
